Introduction

Welcome to the 9th Annual Residents Report on the Scottish Social Housing Charter by Easthall Park Housing Co-operative

Easthall Park is a registered landlord regulated by the Scottish Housing Regulator (SHR). The SHR is accountable to the Scottish Government. Starting in 2014 the SHR requested that all registered social landlords report their performance against the Charter.

This report should provide you with the information you need to find out about our performance and how we compare with other registered landlords.

We hope you find this report useful and easy to read. We would love to hear from you on any views or comments you have about the report and our performance.

To find out how we compare to other landlords please go to: www.housingregulator.gov.scot/landlord-performance.

Customer Service

The SHR publishes average performance figures for all Scottish Landlords against each of the indicators within their Headline National Analysis and Landlord Report. This allows us to compare our performance across the housing sector in Scotland.

The Scottish Housing Charter

The Scottish Housing Charter was introduced by the Scottish Government as a way of monitoring how well social landlords perform in providing their services to tenants and other customers against the standards set out in the Charter.

We have to measure our performance against 14 different outcomes laid out in the Charter - these are grouped under 5 key questions which cover the questions which cover the questions that the Scottish Government think all tenants want to ask of their landlord.

1. Do we have a positive relationship with our tenants and our community?
2. Do we provide good quality housing and a good maintenance service?
3. Do we manage our estates well?
4. Do we provide access to housing and support to those who need it?
5. Do we provide good value for money?
